

AT-CTV-NKEY501

Security Network Keyboard PTZ

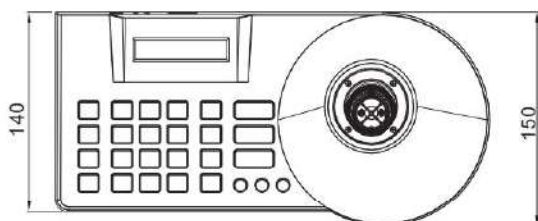

AT-CTV-NKEY501 is a versatile security keyboard that supports both IP and analog camera control. With ONVIF and Pelco protocols, it lets you manage PTZ functions like zoom, focus, and preset with ease.

You can connect up to 255 devices on the same network, add devices even when offline, and auto-search for connected cameras. It also supports full NVR control and allows device setup through an IE browser.

Perfect for efficient and centralized surveillance management.

Rear Panel

- Support network and analog control mode, enjoys unique IP address and RS485 control bus.
- Onvif / Pelco protocol, achieve the PTZ control of the front-end channel.
- Support adding the devices when keyboard offline, also support the network keyboard to automatically search for devices.
- Max. support up to 255 front-end devices in the same network segment.
- Integrated multi-brand network and analog modules.
- Support control network PTZ camera functions, such as preset, focus, zoom, patrol, track etc.
- Support full range of NVR control
- Support IE browser to add and configure the front-end equipment parameters.

Technical Specification

Power Supply	DC12V-1A/Internally positive and externally negative
RS485	One 3.81 pitch terminal, TA, TB
Compatible Protocol	Pelco-d, Pelco-p
Ethernet	1x Ethernet port, IEEE 802.11b/g/n
Protocol	Onvif 2.4
Browser	Mainstream browsers such as IE, Firefox, Chrome, Safari, etc.
Working Temperature	0°C ~ 55°C
Working Humidity	20% ~ 80% non-condensing
Storage temperature	-10°C ~ 60°C
Storage Humidity	0~90% non-condensing
Certificate	CE, FCC, RoHS
Net Weight	1300g each
Dimension	150mm x 306mm x 99mm
