

AT-PA-CS6563W

Public Address Ceiling Speaker

AT-PA-CS6563W is an audio loudspeaker designed to be mounted flush into a ceiling. It is commonly used for background music and public address systems in offices, retail stores, hotels, schools, and other public spaces.

Ceiling speakers provide wide sound coverage with a clean, unobtrusive look that blends with interior design. They are ideal for distributing clear, even sound in multiple rooms or zones without visible bulky speakers.

- Commercial ceiling speaker with transformer
- Ideal for school, office, hotel & airport background music system
- Line input 100V or 70V
- ABS enclosure and metal grille in white
- In-ceiling quick installation by spring clip
